

# FUTURE GENERATIONS IMPACT ASSESSMENT

A Future Generations Impact Assessment should be carried out at the beginning of a project or program of work, with analysis being documented, circulated, and discussed amongst those taking part in the work. If you are interested in sharing your responses as part of a collective impact assessment of new temporal technologies, please email them to [blackquantumfuturism@gmail.com](mailto:blackquantumfuturism@gmail.com).

Topics might include: temporal tools, rituals, protocols, or technologies; a performance or art piece; a big event; a community or group.

Project Name:

Community/Location:

Temporal Marker:

How will this **impact biodiversity** and the natural environment in 10, 50, or 100 years' time?

What will the **impact of this work be on people** in 10, 50, or 100 years' time?

What could be some **unintended consequences** on future generations?

How can future generations **undo or prevent negative consequences**?

What will someone **in the community** say about this work in 10, 50, or 100 years' time?
